

On January 7, 2015 the Iranian American Jewish Federation of NY (IAJF) in partnership with Sephardic Heritage Alliance Inc. (SHAI) held a private screening of *Beneath The Helmet: From High School to the Home Front*. The event was held at Squire Theater in Great Neck, NY with over 100 attendees.

*Beneath the Helmet* is a coming of age story that highlights five young Israeli high school graduates, who are drafted into the army to defend their country Israel. At the age of 18, away from their homes, family, and friends these young individuals undergo a demanding journey, revealing the core of who they are and who they want to be.
